

**Functional integration in material and component**  
with simultaneous translation German / English

Wednesday, 14th June 2023

**AGENDA**

FORUM Rothenburg o. d. T.

From 09.00	<i>Arrival</i>	
09.15 – 09.30	<b>Kurt Gebert</b> ALLOD Werkstoff GmbH & Co. KG, Burgbernheim	Welcome
09.30 – 10.00	<b>A. Schneider</b> KH Foliotec GmbH, Sparneck	Efficacy assessment of antimicrobial active principles with application in coatings and plastic granulates
10.00 – 10.30	<b>R. Platz</b> BASF SE, Ludwigshafen	Functional integration in plastics, new applications, new challenges: Design, Electrical Safety, Exposure, Misuse, Low PCF and End of Life
10.30 – 11.00	<i>Coffee break</i>	
11.00 – 11.30	<b>F. Holzleitner</b> Hi-Lex Europe GmbH, Schweinfurt	Functional integration for window regulators
11.30 – 12.00	<b>G. Tratter</b> Tratter Engineering GmbH, Bozen	Overmoulding electronic components in practice
12.00 – 13.30	<i>Lunch break</i>	
13.30 – 14.00	<b>R. Och</b> ITW Automotive Products GmbH, Röttingen	Charging into the future – next generation of vehicle charge ports
14.00 – 14.30	<b>G. Görich</b> Procter & Gamble Service GmbH, Kronberg	Functional integration for multi-component parts or sustainability - a contradiction?
14.30 – 15.00	<i>Coffee break</i>	
15.00 – 15.30	<b>Dr. J. Stebani</b> Polymaterials AG, Kaufbeuren	Digital navigation in compound R&D
15.30 – 16.00	<b>Prof. Dr. N. Modler</b> Technische Universität TU Dresden, Dresden	Function-integrative lightweight structures - Design examples for integrated sensor technology
16.00 – 16.30	<i>Discussion</i>
