

Special processing methods and materials
with simultaneous translation German / English

Wednesday, 25th June 2025	AGENDA	FORUM Rothenburg o. d. T.
---------------------------	---------------	---------------------------

From 09.00	<i>Arrival</i>	
09.15 – 09.30	Kurt Gebert ALLOD Werkstoff GmbH & Co. KG, D-Burgbernheim	Welcome
09.30 – 10.00	A. Hocke RSH POLYMERE GmbH, D-Hamburg	Mechanical recycling of polypropylene: sustainable compounds for the automotive industry
10.00 – 10.30	K. Menrad Henry Technologies GmbH, D-Merkers/Kreyenberg	Comparison of compact injection molding vs. chemical foaming based on the development of a “structural part” made of plastic
10.30 – 11.00	<i>Coffee break</i>	
11.00– 11.30	Prof. Dr. T. Meins Institut für Kreislaufwirtschaft der Bio:Polymere der Hochschule Hof, D-Hof	Potentials and challenges of biopolymers and recyclates in Automotive Interior
11.30 – 12.00	Prof. Dr. C. Bonten IKT Institut für Kunststofftechnik, D-Stuttgart	Bio-based plastics for technical and long-term applications
12.00 – 13.30	<i>Lunch break</i>	
13.30 – 14.00	W. Wirth Wirth Werkzeugbau GmbH, D-Helmbrechts	Foaming with innovative injection molds for even more performance
14.00 – 14.30	Dr. T. Spiering FPT Robotik GmbH & Co. KG, D-Amtzell	Industrial Digital Printing: Tailored Surface Finishing in Series
14.30 – 15.00	<i>Coffee break</i>	
15.00– 15.30	A. Minz-Schütt Minz Pruef + Test GmbH, D-Limburg	Testing according to the standard and yet not doing the same thing
15.30 – 16.00	S. Autenrieth 1 A Autenrieth Kunststofftechnik GmbH & Co. KG, D-Heroldstatt	Higher-performance components thanks to additives & hybrid design
16.00 – 16.30	<i>Discussion</i>
